

## Extended COVID-19 Learning Plan (Section 98a) for the 2020-2021 School Year

### Warren Woods Public Schools

On August 20, 2020 Governor Whitmer signed House Bill 5913 into law as Public Act 149. Section 98a states that in order to receive state aid for 2020-2021, districts must provide for instruction under an extended COVID-19 Learning Plan (“Plan”) that has been approved by an intermediate district or authorizing body. The Plan does not replace the District’s/PSA’s COVID-19 Preparedness and Response Plan, it is an additional plan that includes new assurances and sections on educational goals, instructional delivery, grading, and equitable access. PA 149 does not apply to districts that operate as a cyber school.

District/PSA educational goals written for all students and all subgroups must be established no later than September 15, 2020 and submitted in their Plan to the ISD or Authorizing Body, as applicable no later than October 1, 2020 for approval. ISDs and PSAs will transmit the approved plan to the state superintendent of public instruction and the state treasurer.

Approved plans would have to be made accessible through the transparency reporting link on the district’s website by October 1, 2020.

By February 1, 2021, a district providing instruction under one of these plans would have to create a report concerning progress toward the plan’s mid-year goals and ensure that it is accessible through the district’s website. Additionally, by the last day of the school year, the district would have to create a report concerning progress toward end-of-year goals and ensure that it is accessible through the website. Additional deadlines are listed throughout the plan.

The health and safety of Macomb County students and staff remains a top priority as we reopen schools for the 2020-21 school year. Macomb County Superintendents continue to meet regularly to navigate the ongoing challenges in response to the COVID-19 pandemic. While no one can predict the future, Macomb County Superintendents have partnered with their local stakeholders to develop customized reopening plans focused on meeting students’ diverse needs. We look forward to the 2020-21 school year and providing our students with equitable, rigorous instruction in a safe environment.

### [ASSURANCES](#)

### [DISTRICT EXTENDED COVID-19 LEARNING PLAN SIGNATURE PAGE](#)

An extended COVID-19 learning plan needs to include all of the following:

**STATEMENT about STUDENT ENGAGEMENT and ACHIEVEMENT for the 2020-2021 School Year:  
Requirements and District Response**

[Back to Top](#)

1. A statement indicating why an extended COVID-19 learning plan is necessary to increase student engagement and achievement for the 2020-2021 school year.

On August 20, 2020 Governor Whitmer signed House Bill 5913 into law as Public Act 149. Section 98a states that in order to receive state aid for 2020-2021, districts must provide for instruction under an Extended COVID-19 Learning Plan (“Plan”). This plan, is necessary because it enumerates the intentional conditions, identified by our district, which will account for the increased student engagement and achievement for the 2020-2021 school year during face-to-face, hybrid, or remote instructional methods. Our district recognizes that a variety of alternative modes of instruction should be provided to meet students’ diverse needs.

Our comprehensive learning plan identifies the following necessary intentional conditions to minimize disruptions to instruction and learning:

- A communication plan,
- Instructional decisions made at the point of greatest student and family impact,
- Utilization of a Multi-tiered system of support to ensure equity, and
- Utilization of state standards.

There’s no one-size-fits-all solution. It is important to remain flexible and customize instruction to meet the diverse needs of our learning community as we continue to monitor the disease conditions in our county. Our ultimate goal is to safely return to face-to-face instruction, as we know this is the optimal learning environment for students. However, during this global pandemic, we recognize the importance of providing a variety of learning options. We have developed plans for a variety of instructional delivery models which include: face-to-face and remote learning scenarios. In the event that a shift becomes necessary, our district will be able to fluidly transition among instructional delivery methods.

## EDUCATIONAL GOALS: Requirements and District Response

[Back to Top](#)

**2. The educational goals** expected to be achieved for the 2020-2021 school year. These educational goals could not be used to determine state policy. The district would have to establish all of its goals under this provision by September 15, 2020. **An extended COVID-19 learning plan would have to specify which educational goals are expected to be achieved by the middle of the school year and which by the end of the school year. All of the following would apply to these educational goals:**

- a. They must include increased student achievement or, if it can be validly and reliably measured using benchmark assessments, growth on those assessments in the aggregate and for all subgroups of students.
- b. They must include an assurance that the district will select benchmark assessments aligned to state standards and an assurance that the district will administer them to all students to determine whether students are making meaningful progress toward mastery of the standards.
- c. They must be measurable through those benchmark assessments.

### Middle of the Year Goals

**Goal 1:** By the middle of the 2020-21 school year, the district will have an *increased number of students* meeting their reading growth as measured on their benchmark assessment in the aggregate and for all student groups who have at a minimum of 30 students.

The “*increased number of the students*” will be quantified as either, number of students or percent of students when fall 2020 baseline data are available. Baseline data are needed to assess the impact on student achievement and growth from schools closing in the spring due to COVID-19.

**Goal 2:** By the middle of the 2020-21 school year, the district will have an *increased number of students* meeting their math growth as measured on their benchmark assessment in the aggregate and for all student groups who have at a minimum of 30 students.

The “*increased number of the students*” will be quantified as either, number of students or percent of students when fall 2020 baseline data are available. Baseline data are needed to assess the impact on student achievement and growth from schools closing in the spring due to COVID-19.

### End of the Year Goals

**Goal 1:** By the end of the 2020-21 school year, the district will have an *increased number of students* meeting their reading growth as measured on their benchmark assessment in the aggregate and for all student groups who have at a minimum of 30 students.

The “*increased number of the students*” will be quantified as either, number of students or percent of students when fall 2020 baseline data are available. Baseline data are needed to assess the impact on student achievement and growth from schools closing in the spring due to COVID-19.

**Goal 2:** By the end of the 2020-21 school year, the district will have an *increased number of students* meeting their math growth as measured on their benchmark assessment in the aggregate and for all student groups who have at a minimum of 30 students.

The “*increased number of the students*” will be quantified as either, number of students or percent of students when fall 2020 baseline data are available. Baseline data are needed to assess the impact on student achievement and growth from schools closing in the spring due to COVID-19.

## HOW INSTRUCTION WILL BE DELIVERED: Requirements and District Response

[Back to Top](#)

3. A description of **how instruction will be delivered**. (Instruction in this instance may be delivered at school or at a different location, in person, online, digitally, by other remote means, in a synchronous or asynchronous format, or through any combination of these, but it must conform to the description submitted.) The district's board or board of directors would have to meet every 30 days after the plan's submission to reconfirm how instruction will be delivered during the 2020-2021 school year, and would have to solicit public comment from parents and guardians during the meeting. If the description of instruction changed following one of these meetings, the district would have to deliver instruction according to the reconfirmed description.

In order to give parents the opportunity to make a choice for their child's education, we provided parents with two options in August. The first option was to choose 100% Virtual Instruction for the entire first semester through January 15, 2021. The second option was to begin the year remotely, but transition to face-to-face instruction beginning September 28, 2020. [Please refer to overview of options](#). Through Microsoft Forms, the district surveyed parents for their decisions on instruction choice, device accessibility, connectivity and transportation necessity. Laptop distribution and hotspots took place from August through September

Both 100% virtual and In-Person starting Remote instructional models provide students with a balance of synchronous and asynchronous instruction through the use of consistent platforms K-12. The district uses Microsoft Office 365 Teams for live instruction, conferencing, and the ability to record live sessions for asynchronous viewing at a later time. The district uses Schoology as its Learning Management System (LMS). In order to streamline the process for parents with children at multiple levels, the District created a [Schoology Template](#) for use at all levels.

In order to adapt to this new form of instruction, staff was provided Professional Development to support implementation. In July, the District established a Professional Development Council, appointed by the Board of Education, to identify and prioritize professional learning needs and make a recommendation for the professional development plan for the school year. The Council determined the main areas of focus to be the LMS, Conferencing/Communication tools in Microsoft Office Teams, Curriculum Mapping – Digital Support, Engagement in Remote Learning, Adaption of IEP process and support due to COVID-19, and Effects of Trauma on Schools. [Please see Agenda from August 26 and 27, 2020](#).

Through our Professional Learning Committees, administrators and teachers at each grade level band created a schedule where they would identify synchronous and asynchronous instruction. [Samples of those schedules can be found here](#). The goal in these schedules was to provide opportunities for whole group and small group/one on one support within each day.

On September 28, 2020, the district will begin the transition to some students remaining 100% virtual and some students returning to in-person learning. Based on parent choice, 45% of students at the elementary and middle school level will return to in-person instruction and 53% of students at the high school will return to the building. Different scheduling models were used for those in-person courses depending on the level. At the elementary, students were placed in either a virtual or an in-person section. Once those in-person class sizes were determined, additional sections were created to promote additional social distancing. Some students who spent the first four weeks with one teacher were required to switch to a different teacher, but the smaller class sizes were appreciated by parents and staff. These new sections were staffed by K-5 certified special teachers who were removed from their special's teaching placement. In addition, the district agreed to hire up to three additional teachers to facilitate this plan. At the middle school, sections were also created to be either virtual or face-to-face. Some teachers are teaching 100% virtually, some are fully face-to-face and some are a combination. Additional sections were also created at the middle school to lower in-person class sizes. These additional sections are taught by volunteers willing to be compensated for giving up their prep period. At the high school, the staff developed a plan to keep sections as originally planned and for teachers to live stream lessons for 100% virtual students while teaching the in-person

students. Teachers will livestream using Microsoft Office Teams, the platform students have become accustomed to this school year. Teachers will also record the direct instruction to be posted in Schoology to be accessed asynchronously by a student.

While the in-person students are transitioning back to school at the elementary, the virtual students will continue using the daily schedule implemented by the individual classroom teacher, with Wednesday being reserved for specials courses and intervention. At the middle school, the virtual students will follow [this schedule](#), while the in-person students will follow their normal schedule. Since the high school will be live streaming following their six-period day, they will follow this [revised schedule for all students](#). Decisions about these schedules were made to ensure that all students, regardless of instructional delivery model, were able to access all 1098 hours/180 days of instruction while not forcing virtual students to remain in front of a computer screen for eight hours a day/five days a week.

Parents were welcomed back with many communications from each level:

- [Elementary Re-Opening Update.pdf](#)
- [In-Person Welcome Back Letter - September 2020 - FINAL DRAFT.pdf](#)
- [Virtual WWMS Welcome Back Letter - September 2020.pdf](#)
- [WWT Welcome Back Letter - September 2020 REVISED.pdf](#)
- [WWT Return to School Schedule Parents - Revised 2 Final.pdf](#)

## CORE ACADEMIC INSTRUCTION: Requirements and District Response

[Back to Top](#)

4. A description of how **instruction for core academic areas** provided under the learning plan will expose each student to standards comparable to in-person instruction and a description of how student progress will be graded or reported to the student and his or her parents or guardians.

During our opening professional development, clarity for learning expectations was shared with all staff. Discussions and implementation plans were shared surrounding use of Atlas Rubicon for staff. Atlas Rubicon houses our district curriculum and pacing guides. Abiding by this expectation ensures that all students, regardless of their choice for in-person or virtual instruction, are provided access to the same guaranteed and viable curriculum. Regardless of in-person or virtual, teachers will maintain all lessons within Schoology, our LMS platform. This continuity will ensure equal access regardless of where a student receives his/her instruction or if he/she needs to quarantine based on exposure to the virus. In order to provide parents transparency and access to content and instruction, the district has opened the Schoology Parent Portal.

Additionally, the district has asked all teachers to create videos to be posted on the district website or within Schoology for parents and students to access a Virtual Open House or Curriculum Night for their classroom. Some sample videos can be seen here for the Middle School: <https://www.warrenwoods.misd.net/our-schools/middle-school/open-house/>

In addition to the instructional time expectations explained above in number 3, the district has also made additional resources available to families. Distributions of resources have taken place at all levels to support virtual instruction, such as age appropriate literacy writing journals, magnetic letters, manipulatives, textbooks and other resources to enforce instruction modeled virtually. Further more, use of digital tools has been approved to support communication, collaboration and content. At the elementary level, to reinforce classroom instruction and provide differentiated instruction in math based on student assessment the district has purchased Dreambox. For K-5 English Language Arts, the district has approved the use of digital subscriptions to ensure continued access during remote instruction to Lucy Calkins Units of Study for Reading and Writing, including opportunities for K-2 phonics resources. Continued professional development for support of implementation of this literacy instruction will be provided by Literacy Coaches and Literacy Consultant through digital conferencing. Furthermore, use of digital subscriptions for Pioneer Valley Literacy Footprints will facilitate continued implementation of small group literacy support based on benchmark and diagnostic assessments. In social studies, access to digital resources, such as MC3, MI Open Book Project, Discovery Education and Newsela are being provided to students and staff. Finally, the district will continue use of Mystery Science as a curricular tool which is accessible to all. At the middle school, all students received a student resource package, which included: paperback copy of the novel that they will be using in Language Arts, dry-erase marker and whiteboard for formative assessments, folders, notebook, highlighter, pencil and sharpener, colored pencils, ruler and post-it notes. Students at the high school level who chose virtual learning were able to come to the building to pick up the resources that their in-person classmates will have access to in the building. Some of these resources are textbooks, whiteboards, computers, calculators, art supplies, instruments, etc. Furthermore, the structure of the livestreaming calendar, allows virtual students to access teachers each day during their afternoon office hours and for a longer period of time on Wednesday afternoon for additional support.

In order to monitor student progress, the district will continue use of PowerSchool and provide access for parents through Parent Portal. Additionally, parents will have access to Schoology content through the Schoology Parent Portal. The district will implement use of Schoology Assessments for staff to formatively & summatively assess students' understanding of content. Using the district's Professional Learning Community model, team time is provided 18 times per year and is dedicated time to reflect and respond to classroom and individual students' assessment results.

**INSTRUCTION DELIVERED VIRTUALLY: Requirements and District Response**

[Back to Top](#)

5. If the district is **delivering instruction virtually**, an assurance and description of how students will be provided with equitable access to technology and the internet necessary to participate in instruction. (This would not prohibit the district from providing instruction through nonvirtual educational materials.)

Our district has partnered with the Macomb ISD and county-wide superintendents to respond to the need for all students to ensure equitable access regarding connectivity and learning devices during remote learning. Our district has worked diligently to strengthen remote instruction, improve access to devices, and enhance connectivity. Specifically, we have taken steps to ensure equitable access to technology and internet use so students can seamlessly participate in hybrid and remote learning.

Macomb County districts have created structures to implement high quality instructional learning for remote contexts in synchronous and asynchronous environments. Macomb County continues to provide professional learning for staff regarding setting up and leading online learning experiences. Teachers may utilize county developed templates for consistent instructional delivery through various platforms including Schoology. Teacher collaboration and ongoing professional development will be offered to strengthen teachers' ability to customize remote instruction according to students' needs. In Warren Woods, we will use Schoology and Microsoft Teams.

Teachers will highlight routines and structures to engage students in new learning based on essential standards, and provide students with opportunities to submit evidence of their learning. They will measure student progress and provide students and parents with ongoing, timely feedback about their learning. Effective two-way communication is a critical part of this plan.

Additionally, staff will communicate with students and families about technology access and device use. The district purchased over 700 new laptops to deploy to students and also dispersed all laptops from district classroom laptop carts. Furthermore, the district purchased 125 hotspots and those have also been deployed.

Our plan will include specific protocols for reaching out to students and families to ensure that students are engaging in instruction. Staff will also intentionally create emotionally and physically safe and supportive learning environments for students to develop deep relationships with teachers and peers.

## PROVIDING for STUENTS with DISABILITIES: Requirements and District Response

[Back to Top](#)

6. A description of how the district will ensure that students with disabilities will be provided with equitable access to instructional accommodations in accordance with state and federal law.

Due to the COVID-19 pandemic, IEP Teams must anticipate the possibility of changes in the public health situation and plan proactively to move smoothly from one phase of the MI Safe Schools Roadmap to another in response to those changes in the public health situation.

“At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP (34 CFR § 300.323). The IEP must be in place to start the school year; must be based on the unique needs of the individual child with a disability; and must consist of a full offer of a FAPE based on what would be a full in-person instructional day in a brick-and-mortar school setting.” (Michigan Department of Education Office of Special Education, Guidance to Address Return to Learn for Students with IEPs, August 2020)

The IEP is the district’s current offer of a FAPE and serves as the foundation for contingency planning. A Contingency Learning Plan is triggered when a change in the district’s overall instructional delivery model (in response to changes in the public health situation) prevents full implementation of the current IEP as written. The purpose of a Contingency Learning Plan is to modify the IEP in light of the public health circumstances while ensuring that the student continues to:

- be involved and progress in the general curriculum,
- progress toward the annual goals/objectives in the current IEP,
- be educated with other students with and without disabilities to the extent that s/he would under the current IEP and
- receive the special education programs, related services, and supplementary aids/supports in the current IEP to an extent that is safe, reasonable, and practicable in light of the public health circumstances.

[Sample Contingency Learning Plan](#)

**DISTRICT GUIDELINES, in CONSULTATION with the LOCAL HEALTH DEPARTMENT CONCERNING PUPIL INSTRUCTION:  
Requirements and District Response**

[Back to Top](#)

7. A requirement that the district, in consultation with the local health department and district employees, **develop districtwide guidelines concerning pupil instruction** based on local data on key metrics. However, the ultimate decision on instruction would rest with each district. (Key metrics would include COVID-19 cases, hospitalizations, deaths, positive tests, health care capacity, and testing, tracking, and containment infrastructure.)

Macomb County Superintendents have been meeting regularly to navigate ongoing challenges in response to the COVID-19 pandemic. They have collaboratively examined best practices in the areas of safety, instruction, and operations, as well as mental and social-emotional health. In partnership with the Macomb Intermediate School District (MISD), District Superintendents have also worked closely with the Macomb County Executive's Office, the Macomb County Health Department, and other community organizations to leverage resources to meet the diverse needs of students, staff and families.

County-wide protocols/guidance have been determined in partnership with the Macomb County Health Department, and will be addressed on a case by case basis within local school districts. The Macomb County Health Department has provided guidance regarding responding to cases of COVID-19 among students, teachers, and staff. This guidance is further detailed in the following areas:

- Possible COVID-19 Cases in Students
- Possible COVID-19 Cases in Teachers or Staff Persons
- Confirmed COVID-19 Cases
- Close Contacts to a Confirmed COVID-19 Case
- Returning to School/Work

HIPAA and FERPA laws will be taken into consideration for all who may fall ill and/or contract COVID-19, and additional training and guidelines will be provided for all staff.

Local districts will continue to work with all stakeholders (including staff, parents, and students). Local school districts will continue to develop district guidelines regarding instruction based on local data and key metrics. Continuous monitoring of local data is a critical part of this process.

Link to the ***Responding to Cases of COVID-19 Among Students, Teachers and Staff*** (dated 8.28.20):

<https://health.macombgov.org/sites/default/files/content/government/covid19/pdf/COVID-19%20Cases%20Students%20and%20Staff%2008.28.20.pdf>

**PLAN to PRIORITIZE K – 5 INSTRUCTION: Requirements and District Response**

[Back to Top](#)

8. A provision that, if the district determines that it is safe to provide in-person instruction, it will prioritize instruction for grades K to 5.

The health and safety of Macomb County students and staff remains a top priority as we reopen schools for the 2020-21 school year. Our ultimate goal is to safely return and provide face-to-face instruction, as we know this is the optimal learning environment for students. However, during this global pandemic, we recognize the importance of providing a variety of learning options: face-to-face, hybrid, and remote. While we continue to monitor and adjust our instructional plan to meet the needs of our students, priority will be given to K – 5 when planning in-person instruction. In the event that a shift becomes necessary, we will be able to fluidly transition among the 3 instructional delivery methods to maintain the continuity of learning.

**TEACHER and STUDENT INTERACTIONS: Requirements and District Response**

[Back to Top](#)

9. A requirement that the district ensure that at least two two-way interactions occur between a student and at least one of his or her teachers during each week of the school year for at least 75% of students in the district. These could apply toward the district's two-way interaction requirement under HB 5912. A district would have to publicly announce its weekly interaction rates at its monthly reconfirmation meetings and make those rates available on its website.

We will publicly announce our weekly interaction rates at a monthly Meeting of the Board of Education. Once presented to the Board, they will be posted on the Board of Education webpage.

## Benchmark Assessments (Section 104)

[Back to Top](#)

The bill would require, as a condition of receiving state aid, that a district administer at least one benchmark assessment to all students in kindergarten through 8<sup>th</sup> grade within the first nine weeks of the school year and by the last day of the school year, to measure proficiency in reading and math. These assessments could be any of the following or a combination of the following:

- A benchmark assessment from a provider approved by the Michigan Department of Education (MDE), with the requirements for those assessments listed in the table below.
- A benchmark assessment in reading for grades K to 9 that contains progress monitoring tools and enhanced diagnostic assessments, or a benchmark assessment in math for grades K to 8 that contains progress monitoring tools, or both of those assessments.
- A local benchmark assessment or assessments. (If this option is utilized, the district would have to report to MDE and the Center for Educational Performance and Information (CEPI) on the assessments administered and how they measure changes, including any learning losses, and how the district intends to address those losses.)

MDE would have to approve either four or five providers of benchmark assessments that could be administered by a district. MDE would have to inform districts of approved assessment providers in an equitable manner. MDE would have to make one of the assessments from an approved provider available to districts at no cost to the districts. The two types of benchmark assessments from approved providers would have to meet all of the following:

| <b>Benchmark assessment from approved provider generally:</b>  | <b>Benchmark assessment from approved provider made available to districts at no cost:</b>   |
|--|--|
| <ul style="list-style-type: none"> <li>• Be one of the most commonly administered benchmark assessments in Michigan.</li> <li>• Be aligned to the content standards in Michigan.</li> <li>• Complement Michigan's summative assessment system.</li> <li>• Be internet-delivered and include a standards-based assessment using a computer-adaptive model to target the instructional level of each student.</li> <li>• Provide information on student achievement with regard to learning content required in a given year or grade span.</li> <li>• Provide immediate feedback to students and teachers.</li> <li>• Be nationally normed.</li> <li>• Provide multiple measures of growth and provide for multiple testing opportunities.</li> </ul> | <ul style="list-style-type: none"> <li>• Be aligned to the content standards in Michigan.</li> <li>• Complement Michigan's summative assessment system.</li> <li>• Be internet-delivered and include a standards-based assessment.</li> <li>• Provide information on student achievement with regard to learning content required in a given year or grade span.</li> <li>• Provide timely feedback to students and teachers.</li> <li>• Be nationally normed.</li> <li>• Provide information to educators about student growth and allow for multiple testing opportunities.</li> </ul> |

**BENCHMARK ASSESSMENT DESCRIPTION: Requirements and District Response**

[Back to Top](#)

10. To the extent practicable, a district would have to administer the same benchmark assessment that it administered in previous school years.

To the extent practicable, a district would have to administer the same benchmark assessment that it administered in previous school years.

The assessments MAP Growth Reading and Math provided from NWEA has been previously used and will continue to be used during the 2020-21 school year for students in Gr K-8. The results from NWEA MAP Growth provides the opportunity to identify students instructional level in reading and math. These instructional levels can help identify students who may be performing at a lower or higher level than their grade level peers. These assessments are used among other data points to identify students who may be at risk and need additional supports within the district's MTSS process.

**TIMELINE of STUDENT DATA: Requirements and District Response**

[Back to Top](#)

11. A district administering a benchmark assessment described above would have to provide a student's data to the student's parent or guardian within 30 days of the test.

Parent data sheets will be provided to parents once the NWEA has been taken.

## Macomb County GSRP Framework

[Back to Top](#)

GSRP programs must prepare for a purposeful, inclusive remote instruction experience for GSRP as part of any hybrid or remote instruction plan. Expectations for remote learning in GSRP emphasize the continuation of child-centered, developmentally appropriate experiences that incorporate learning objectives across all domains of development. It is essential that remote learning be designed with family needs, connectivity/device limitations, and children's social and emotional needs at the forefront.

The framework was constructed to support virtual learning settings and to guide GSRP programs as teaching teams develop remote learning plans. It includes valuable information related to remote session guidelines, curriculum and assessment, monitoring student participation, educational resources, and support for families. Screen time should be balanced with learning that occurs offline and encourages authentic and hands on learning experiences. It is important that GSRP teaching teams work with families to create a consistent daily routine for the child to engage in play and learning.

We look forward to continuing our strong partnership with The Macomb Intermediate School District. We realize we will be facing some unique challenges as we approach the start of the school year. Our goal is to meet the needs of our youngest learners, help them grow and learn in a positive learning environment, and engage families. Ensuring children are supported emotionally during this time of uncertainty is the foundation of any instruction we may provide.

A link to the Macomb County GSRP Framework is provided here: [https://docs.google.com/document/d/1IEupR1D9db4ZdLbI6sLr8zIjHHgO\\_2wYxKGrrnjinVUE/edit?usp=sharing](https://docs.google.com/document/d/1IEupR1D9db4ZdLbI6sLr8zIjHHgO_2wYxKGrrnjinVUE/edit?usp=sharing)

## Macomb County Career Technical Education (CTE) Virtual Lesson Plan Project

Macomb County CTE teachers worked collaboratively this summer to prepare remote learning lessons in the courses listed below for the 2020-2021 school year. These resources are readily accessible to staff via Schoology and/or Google Drive. These lessons can also be delivered in an in-person model. Districts throughout Macomb County continue to provide quality CTE experiences for students.

- AUTOMOTIVE (10 Lessons)
- BUSINESS (11 Lessons)
- COSMETOLOGY (2 Lessons, multi-week)
- CULINARY ARTS (19 Lessons)
- CYBERSECURITY (8 Lessons)
- DIGITAL MEDIA (11 Lessons)
- EDUCATION GENERAL (4 Lessons)
- ENGINEERING (4 Lessons)
- FAMILY CONSUMER SCIENCE (5 Lessons)
- FINANCE (9 Lessons)
- GRAPHICS (9 Lessons)
- HEALTH (39 Lessons)
- HORTICULTURE (5 Lessons)
- MARKETING (10 Lessons)

- MECHANICAL DRAFTING/DRAFTING & DESIGN (15 Lessons)
- MECHATRONICS (7 Lessons)
- RADIO & TV (10 Lessons)

[Back to Top](#)

## Assurances

1. The District/PSA will make their ISD/Authorizing Body approved Extended COVID-19 Learning Plan accessible through the transparency reporting link located on the District's/PSA's website no later than October 1, 2020.
2. The District/PSA will create and make available on its transparency reporting link located on the District/PSA's website, a report concerning the progress made in meeting the educational goals contained in its Extended COVID-19 Learning Plan not later than February 1, 2021, for goals its expected would be achieved by the middle of the school year and not later than the last day of school of the 2020-2021 school year for goals the District/PSA expected would be achieved by the end of the school year.
3. Benchmark Assessments: The District/PSA will
  - select a benchmark assessment or benchmark assessments that is/are aligned to state standards.
  - administer the approved benchmark assessment, or local benchmark assessment, or any combination thereof, to all pupils in grades K to 8 to measure proficiency in reading and mathematics within the first nine weeks of the 2020-2021 school year and again not later than the last day of the of the 2020-2021 school year.
4. If delivering pupil instruction virtually, the District/PSA will
  - provide pupils with equitable access to technology and the internet necessary to participate in instruction, and
  - expose each pupil to the academic standards that apply for each pupil's grade level or courses in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.
5. The District/PSA, in consultation with a local health department will develop guidelines concerning appropriate methods for delivering pupil instruction for the 2020-2021 school year that are based on local data that are based on key metrics. Note: A determination concerning the method for delivering pupil instruction shall remain at the District/PSA Board's discretion. Key metrics that the District/PSA will consider shall include at least all of the following:
  - COVID-19 Cases or Positive COVID-19 tests
  - Hospitalizations due to COVID-19
  - Number of deaths resulting from COVID-19 over a 14-day period
  - COVID-19 cases for each day for each 1 million individuals
  - The percentage of positive COVID-19 tests over a 4-week period
  - Health capacity strength

- Testing, tracing, and containment infrastructure with regard to COVID-19
6. If the District/PSA determines that it is safe to provide in-person instruction to pupils, the District/PSA will prioritize providing in-person instruction to pupils in grades K to 5 who are enrolled in the District/PSA.

## Assurances Continued

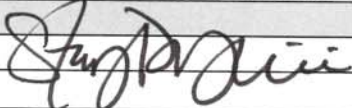

[Back to Top](#)

7. The District/PSA assures that
- instruction will be delivered as described in this plan and re-confirmed by the District/PSA Board,
  - the description of instructional delivery in this plan matches the delivery of instruction to be delivered during the 2020-2021 school year,
  - the District/PSA will re-confirm how instruction will be delivered during the 2020-2021 school year thirty days after ISD approval of the plan, and every 30 days thereafter at a meeting of the Board, and
  - public comment will be solicited from the parents or legal guardians of the pupils enrolled in the District/PSA during a public meeting described in PA-149.
8. The District/PSA will ensure that students with disabilities will be provided with equitable access to instruction and accommodation in accordance with applicable state and federal laws, rules and regulations.
9. The District/PSA will ensure that two (2), 2-way interactions occur between a pupil enrolled in the District/PSA and the pupil's teacher or at least one (1) of the pupil's teachers during each week of the school year for at least 75% of the pupils enrolled in the District/PSA. The District/PSA will publicly announce its weekly interaction rates at each District/PSA Board meeting where it re-confirms how instruction is being delivered. The District/PSA will make those rates available through the transparency reporting link located on the District/PSA website each month for the 2020-2021 school year.

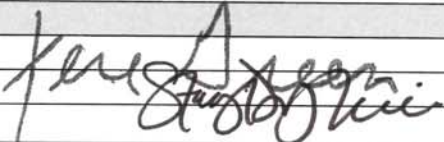

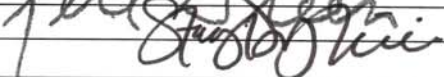

**DISTRICT EXTENDED COVID-19 LEARNING PLAN  
SIGNATURE PAGE**

**DISTRICT NAME: Warren Woods Public Schools**

The school district must establish all of its goals for the Extended COVID-19 Learning Plan by September 15, 2020.
